

# IARR DAILY CREW REPORT

## Tampa Module #2

DATE: 08/08/2015, Saturday TIME 16:30, pdt WORK DAY# 5

PERSON REPORTING: Name of IARR: DAN BELANGER, phone: 828-231-1529 – located in Willow Creek, CA.  
Name of IARR(t): PETE IRVINE, phone: 304-676-6000 – located in Hayfork, CA.

### CREW NAME & NUMBER (FIRST SHIFT DAY = Tuesday, August 4, 2015)

Crew#	Crew	Local Reference	CRWB	Phone	Assignment
C-24	T2IA-PRMA-#3	PR-MA#3	Gabriel Gutierrez		Fork Complex
C-29	T2IA-FLST-#2	FL-ST#2	Ed Vuolo		Fork Complex
C-30	T2IA-GAMA-#1	GA-MA#1	Micah Thorning		Fork Complex
C-44	T2IA-GAST-#2	GA-ST#2	Chris Buchanan		River Complex
C-45	T2IA-FLMA-#1	FL-MA#1	Alan Kirby		River Complex

### LOCATION & ASSIGNMENT OF CREWS

#### Fork Complex – CA-SHT-002067

STATE: California

ICP is located in Hayfork, CA, approximately 65 miles west of Redding, CA. The Fork Complex began as more than 40 lightning-caused fires on the Hayfork Ranger District of the Shasta-Trinity National Forest on July 30 and 31. The complex now consists of five major ongoing fires – Barker, Peak, Rail, Shiell, and Blue. California Type 1 IMT Team #4 (IC Rocky Oplinger) is managing the Fork Complex in unified command with CalFire (IC Donna McCain). ICP is at the Hayfork Fairgrounds with base camp at Hayfork High School. All three crews assigned to this fire complex worked productively and safely yesterday. Today's assignments are very similar.

PR-MA#3 and FL-ST#2 remain assigned to Division O, on the Peak Fire; establishing and improving indirect control lines, and improving and patrolling existing containment lines.

GA-MA#1 remains assigned to Division J, on the Rail Fire; establishing, improving and patrolling containment lines.

Both Division O and Division J are a part of Branch IV of the Fork Complex.

Crew#	Crew	Fire	Acres	Division	START Shift	END Shift	Cell Service
C-24	PR-MA#3	Fork	17,622	O	ICP-Hayfork	ICP-Hayfork	Spotty
C-29	FL-ST#2	Fork	17,622	O	ICP-Hayfork	ICP-Hayfork	Spotty
C-30	GA-MA#1	Fork	17,622	J	ICP-Hayfork	ICP-Hayfork	Spotty

#### 2015 River Complex – CA-SHF-002066

STATE: California

ICP is located in Willow Creek, CA, approximately 105 miles west of Redding, CA. The River Complex started on 7/30/2015 and was comprised of four lightning-caused fires burning on the Shasta-Trinity and Six Rivers National Forests. Some of the fires have merged together and currently the sum total is 13,827 acres with 10% containment as of 8/8/2015 @ 0600 hrs. There are 587 resources assigned to this fire with additional resources arriving daily. California Type 1 IMT #3 (IC Mark Vontillow) is managing this Complex. The ICP is located at Veterans Field about 1 mile north of Willow Creek. Both the GA-ST#2 and FL-MA#1 crews are now assigned to this complex.

Today both FL-MA #1 and GA-ST#2 will again be working in Branch 1, Division A, working on securing and mopping up a 35-acre "slop-over" fire that had crossed Division A. In addition, crews will be preparing for a possible burn-out operation, if conditions are favorable.

Crew#	Crew	Fire	Acres	Division	START Shift	END Shift	Cell Service
C-44	GA-ST#2	River Complex	13,827	A	ICP-River Complex	ICP-River Complex	Y
C-45	FL-MA#1	River Complex	13,827	A	ICP-River Complex	ICP-River Complex	Y

## IARR DAILY CREW REPORT

Tampa Module #2

### MORALE OF CREWS:

Very good.

### INJURIES:

The GA-MA#1 crewmember with the eye injury (corneal abrasion) suffered on 8/6 is working in ICP today in the Situation Unit, and is expected to resume regular duties on Sunday 8/9.

No other injuries to report.

### MESSAGE:

The Fork Complex remains the highest priority fire in the country. Total acreage as of 2:00 pm pdt on 8/8 is 17,622 acres, 12% containment, with 1640 personnel assigned. PR-MA#3, FL-ST#2, and GA-MA#1 continue making good progress on their assignments. Following the Hayfork Youth Livestock Auction today, the Incident Base Camp (currently at the Hayfork High School) will move to the ICP location at the Hayfork Fairgrounds tomorrow (Sunday). Temperature today is near-average for this location – 80-83 degrees. Relative Humidity is 28-33%. These cooler temperatures and higher humidity aid firefighters in their work, but are countered by higher winds than the past few days (6-10 mph, with gusts to 15 mph). IARR assisting in procuring replacement boots for one firefighter (at firefighter expense) whose original boots became unserviceable. Cell phone service on the Fork Complex is spotty – carrier AT&T in particular does not function in this location.

GA-ST#2 and FL-MA#1 made good progress yesterday on Division A of the River Complex. The slop-over area where FL-MA#1 primarily worked is located in very steep terrain. GA-ST#1 primarily worked along the ridge line of Division A improving line and mopping up.

*Notes on Abbreviations: pdt = pacific daylight time.*

*PR = Puerto Rico, FL = Florida, GA = Georgia.*

*MA = Multi-Agency, ST = State.*

*ICP = Incident Command Post.*

*CRWB = Crew Boss, IARR = Interagency Resource Representative.*
